## WENTE SUMMER CAMP 2010

BY QUINNTON B.

On July 25th the drivers rolled out of the Tower Burger parking lot towards our first destination: Safeway, about 1/2 way to Wente. We got there and ate our lunches, some brought their own, some bought their lunch at Safeway.

When we got to the parking lot of Wente, we got all our stuff out of the cars and went toward Madrid, the second farthest campsite away. As always, we had to take the swim test to be able to swim. Most of us passed.

We played T88 capture the flag for about two hours. Two kids went around the REALLY long way around the back to sneak up from behind, and missed a game. This seems to happen every time we play CTF. we never really keep score. If we ever did, we forgot it after 5 minutes. *(cont'd on page 2)*

The food was good, as always. Our favorite meal was the tater tot casserole again. The highlight of the week was when Greyson got pied in the face (not against his will, he wanted to). We had so much leftover pie, we didn't know what to do with it.

In the end, when everybody was done with camp, we packed up all our stuff again and hiked to the cars. While we were all waiting around for something, a fire helicopter flew over the lake, got a gigantic bucket of water, and released it right by us. It was awesome. Even though we got second to last in the Wentathalon, it was another great week at camp Wente.

## 100TH ANNIVERSARY NATIONAL JAMBOREE

BY ANDREW DOTSON, ASM

During the summer I was one of the 45,000 people that attended the 100<sup>th</sup> anniversary National Jamboree. This was a once in a lifetime event that was a bunch of fun, with meeting scouts from all over the country, and celebrities like Shaun White. Watching the great arena shows with Eagle Scouts and the Secretary of Defense Robert Gates, talking about when ever he goes camping with his son's troop there would be three helicopters and two secret service vans monitoring everything, and Eagle Scout Mike Rowe from Dirty Jobs, talking about when he was a scout he played crazy games that got him dirty which he did not like. I highly recommend attending a jamboree because you realize how big scouting is when you see all these scouts together, get to meet new people from all over, meet celebrities, learn more about scouting that you could not learn from anywhere else, and only have two or three times to experience it as a youth.

## SCOUTMASTER'S MINUTE

### A Key to Scouting

I have here in my hand a key - a small item as you can see. Yet it will open the door to my car, and when properly placed and turned it will start the engine. With this little key I can visit faraway places, see wonderful sights, and do so many things that were impossible a generation ago. Is it any wonder that I always carry this key with me?

Your Boy Scout Handbook is a lot like my car key. It is a small item, yet it will open the door to Scouting and will speed you on your way to adventure. Sure, you probably could get by without using your handbook. I could get by without my car key, too, but I'd have to walk and it would be slow. I certainly wouldn't get to see all those places I can reach by car.

Let's not leave our key behind as we enjoy Scouting. Use your handbook regularly. Take it with you to meetings and on hikes and camping trips. Let your handbook open the door for you.
